NEWS RELEASE:  June 19, 2012

Life Navigators Hires Staff Member to Expand Services to Children

Life Navigators (formerly ARC of Greater Milwaukee) welcomes Megan Weil, program coordinator, to its team. Joining Life Navigators’ Children’s Long Term Support Program, Ms. Weil will provide long-term care services to children with disabilities and their families.

Ms. Weil started at Life Navigators as an intern during the 2011-2012 academic year. In May, Ms. Weil graduated from the University of Wisconsin-Milwaukee with a Bachelor of Science in Social Work. “I am excited to be hired on full-time at Life Navigators. I love the work environment and my main interest is working with individuals with disabilities,” stated Megan.

The addition of this position will allow Life Navigators to expand its services to children with disabilities ages two to twenty. The goal of the program is to support each child so they can live in the least restrictive setting possible. Through this program, Life Navigators’ social workers will help the children and families assess and monitor services to meet their individualized needs.

About Life Navigators (formerly ARC of Greater Milwaukee)

Formed in 1949, Life Navigators is a non-profit organization devoted to improving the quality of life for individuals with developmental and related disabilities, their families and the community. The organization serves over 4,500 individuals annually through information, education, advocacy and life planning programs.
