Report on the Financial Statements

We have audited the accompanying financial statements of Life Navigators, Inc. (a nonprofit organization), which comprise the statement of financial position as of December 31, 2019, and the related statements of activities, functional expenses, and cash flows for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Life Navigators, Inc. as of December 31, 2019, and the changes in its net assets, and its cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Report on Summarized Comparative Information

We have previously audited Life Navigators, Inc.'s financial statements, and we expressed an unmodified opinion on those audited financial statements in our report dated March 16, 2019. In our opinion, the summarized comparative information presented herein as of and for the year ended December 31, 2018, is consistent, in all material respects, with the audited financial statements from which it has been derived.

Other Matters

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The accompanying schedule of program revenues and expenses, schedule of expenditures of federal and state awards, settlement of Department of Health Services ("DHS") cost reimbursement awards, and reserve supplemental schedules are presented for purposes of additional analysis as required by the *Wisconsin DHS Audit Guide*, and is not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated April 28, 2020 on our consideration of Life Navigators, Inc.'s internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of Life Navigators, Inc.'s internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Life Navigators, Inc.'s internal control over financial reporting and compliance.

1. Nature of Organization

The mission of Life Navigators, Inc., (“Organization”) a nonprofit organization, is to improve the quality of life for individuals with developmental and related disabilities, their families and the community through information, education, advocacy and life planning programs. Life Navigators, Inc. is supported primarily through donor contributions, program fees and contracts.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of Life Navigators, Inc. have been prepared on the accrual basis of accounting, and accordingly, reflect all significant receivables, payables and other liabilities.

Basis of Presentation

Financial statement presentation follows accounting principles generally accepted in the United States of America (“U.S. GAAP”). Under these principles, the Organization is required to report information regarding its financial position and activities according to classes of net assets as follows:

Net assets without donor restrictions – Net assets available for use in general operations and not subject to donor (or certain grantor) restrictions. The governing board has designated, from net assets without donor restrictions, net assets for a board-designated endowment fund.

Net assets with donor restrictions – Net assets subject to donor- (or certain grantor-) imposed restrictions. Some donor-imposed restrictions are temporary in nature, such as those that will be met by the passage of time or other events specified by donor. Other donor-imposed restrictions are perpetual in nature, where the donor stipulates that resources be maintained in perpetuity. The Organization has no net assets that are subject to perpetuity.

Cash

The Organization considers all checking and savings accounts and all other highly liquid debt instruments purchased with an original maturity of three months or less to be cash, excluding amounts whose use is limited or restricted, and amounts held in the investment accounts.

Accounts Receivable and Promises to Give

Accounts receivable and promises to give are recorded at contract value. Management has determined all to be fully collectible; therefore, no allowance for doubtful accounts is considered necessary. It is the policy of the Organization to write off doubtful amounts directly to expense when deemed uncollectible.

Promises to give are recorded at their estimated fair value, less an appropriate allowance.

Investments

Under U.S. GAAP, investments in marketable securities with readily determinable fair value and all investments in debt securities are valued at their fair value in the statements of financial position. Unrealized gains and losses are included in the change of net assets on the statement of activities.

U.S. GAAP defines fair value, establishes a framework for measuring fair value, and expands disclosures about fair value measurements. This clarifies that the exchange price is the price in an orderly transaction between market participants to sell an asset or transfer a liability at the measurement date. It emphasizes that fair value is a market-based measurement and not an entity-specific measurement. U.S. GAAP establishes a fair value hierarchy that prioritizes the inputs, which are summarized as follows:

Level 1 – Quoted prices in active markets, e.g. NYSE, NASDAQ, etc. for assets identical to the securities to be valued. If a Level 1 input is available, it must be used.

Level 2 – Inputs other than quoted prices that are observable for securities, either directly or indirectly. Examples include matrix pricing utilizing yield curves, prepayment speeds, credit risks, etc.; quoted prices for similar assets in active markets; and inputs derived from observable market data by correlation or other means.

Level 3 – Unobservable inputs, which contain assumptions by the party valuing those assets. For level 3 inputs, there is no market data or correlation with market assumptions. Examples would include limited partnership interests, closely held stock, etc.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Stocks, other and exchange traded funds: Valued at the closing price reported on the active market on which the individual securities are traded.

Mutual funds: Valued at net asset value of shares held by the Organization at year-end

Bonds: Valued at net asset value of bond holdings held by the Organization at year-end

Held by the Greater Milwaukee Foundation: Valued at the net asset value provided by the trust for investments held by the trust at year-end.

Property and Equipment

The Organization's policy is to capitalize all property and equipment costing over \$5,000. Property and equipment are capitalized at cost or at fair value if donated and depreciated over their estimated useful lives using the straight-line method. The cost and related accumulated depreciation of property and equipment are removed from asset accounts upon disposal. Expenditures for maintenance and repairs are charged to operations as incurred. Depreciation expense for 2019 and 2018 was \$44,441 and \$43,976, respectively.

Estimates

The preparation of the accompanying financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that directly affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements. Estimates also affect the reported amounts of revenue and expenses during the reporting period. Actual results may differ from these estimates.

Revenue Recognition

The Organization recognizes revenue based on the existence or absence of an exchange transaction. The Organization recognizes revenue from exchange transactions when it satisfies a performance obligation by providing a service to a customer or member or by transferring control over a product to a customer or member. Revenue from performance obligations satisfied at a point in time consists of the following:

- **Fee for service contracts** – recognized as performance obligations are met

Revenue from non-exchange transactions consist of the following:

- **Contributions of cash and promises to give** - received without donor stipulations are reported as revenue and net assets without donor restrictions. Gifts received with a donor stipulation that limits their use are reported as revenue and net assets with donor restrictions. When a donor-stipulated time restriction ends, or purpose restriction is accomplished, net assets with donor restrictions are reclassified to net assets without donor restrictions and reported in the statement of activities as net assets released from restrictions. Contributions that are originally restricted by the donor and for which the restriction is met in the same time period are recorded as revenue and net assets without donor restriction. Unconditional contributions expected to be collected in future years are initially reported at fair value determined using the discounted present value of estimated future cash flows technique. The resulting discount is amortized at prime interest rate and is reported as contribution revenue.
- **Federal and state contracts** – Federal and state contracts are conditional upon the incurrence of allowable qualifying expenses. Revenue is recorded as allowable qualifying expenses are incurred.

Revenue that has characteristics of both exchange and non-exchange transactions consist of the following:

- **Special event revenue** – The direct benefit to donors is recognized as revenue as an exchange transaction, while the remaining is recognized as a non-exchange contribution.

In-Kind Contributions

Contributions of in-kind assets and services are recorded at their fair market value in the period received. These contributions are reported as unrestricted support unless explicit donor stipulations specify how the donated assets must be used. During 2019, the Organization received \$23,272 of in-kind donations to support the Organization's programs and \$12,382 of other in-kind donations to support its fundraising function. During 2018, the Organization received \$29,281 of in-kind donations to support the Organization's programs and \$15,529 of other in-kind donations to support its fundraising function.

2. Summary of Significant Accounting Policies (Continued)

Functional Allocation of Expenses

The costs of program and supporting services activities have been summarized on the functional basis in the statement of activities. The statement of functional expenses present the natural classification detail of expenses by function. Accordingly, certain costs have been allocated among the programs and supporting services benefited based on management's estimate of appropriate level of employee full-time equivalents worked within that program.

Subsequent Events

Management has evaluated subsequent events for possible recognition or disclosure through the date the financial statements were available to be distributed (April 28, 2020). There were no subsequent events that required recognition or disclosure other than the subsequent event in Note 20.

Income Taxes

The Organization qualifies as a tax-exempt organization under Section 501(c)(3) of the Internal Revenue Code. Accordingly, no provision for income taxes has been recorded in the financial statements. Life Navigators, Inc. is not considered to be a private foundation by the IRS.

The Organization has implemented accounting for uncertainty in income taxes in accordance with accounting principles generally accepted in the United States of America. This standard prescribes a recognition threshold and measurement attribute for financial statement recognition and measurement of a tax position taken or expected to be taken in a tax return and also provides guidance on various related matters such as derecognizing, interest, penalties and disclosures required. The Organization recognizes interest and penalties, if any, related to unrecognized tax benefits in income tax expense.

Change in Accounting Principle

Financial Accounting Standards Board ("FASB") Accounting Standards Updated (ASU) 2016-14 Codification Topic 606, Revenue from Contracts with Customers, as amended, supersedes or replaces nearly all GAAP revenue recognition guidance. These standards establish a new contract and control-based revenue recognition model, change the basis for deciding when revenue is recognized over time or a point in time, and expand disclosures about revenue. We have implemented Topic 606 and have adjusted the presentation in these financial statements accordingly. The amendment has been applied retrospectively. Accordingly, there is no effect on net assets in connection with our implementation of 2016-14.

In June 2018, the FASB issued Accounting Standards Update (ASU) 2018-08 – Clarifying the Scope and the Accounting Guidance for Contributions Received and Contributions Made. This standard assists entities in evaluating whether transactions should be accounted for as contributions or exchange transactions and determining whether a contribution is conditional. We have implemented ASU 2018-08 applicable to both contributions received and to contributions made in the accompanying financial statements under the full prospective basis. Accordingly, there is no effect on net assets in connection with our implementation of ASU 2018-08.

Comparative Financial Information

The accompanying financial statements include certain prior-year summarized comparative information in total but not by net asset class. Such information does not include sufficient detail to constitute a presentation in conformity with U.S. GAAP. Accordingly, such information should be read in conjunction with the Organization's financial statements for the year ended December 31, 2018, from which the summarized information was derived.

The fair value of Level 2 bonds is measured using quoted market prices for similar assets in active markets.

The statement of activities includes \$197,814 in realized and unrealized gains and \$90,916 in realized and unrealized losses for 2019 and 2018, respectively.

The investment objective of the Organization is to meet or exceed an absolute total annualized rate of return of 8-10%. On an annual basis, approximately 5% of the market value of the investment trust, as determined on June 30 of the previous year, is budgeted toward operating support. This is an internally imposed restriction; the full investment balance is available for use.

The Organization's investments are exposed to various risks of loss, such as interest rate, market and credit risks. Due to the level of risk associated with certain investments and the level of uncertainty related to changes in the values of investments, it is at least reasonably possible that changes in risks in the near term would materially affect the amounts reported in the financial statements.

5. Promises to Give

Promises to give was discounted to present value using a discount rate of 1.69% and 2.33% for years ended December 31, 2019 and 2018, respectively. Unconditional promises are expected to be realized in the following periods:

	<u>2019</u>	<u>2018</u>
In one year or less	\$ 32,000	\$ 25,500
Between one year and five years	40,000	60,000
Less: Present value discount	(1,014)	(2,796)
Net promises to give	<u>\$ 70,986</u>	<u>\$ 82,704</u>

6. State Unemployment Reserve

The Organization has an irrevocable standby letter of credit as a reserve for state unemployment. The letter of credit expires on December 31, 2022 and has an available balance of \$18,400. As of December 31, 2019 and 2018, there was no outstanding balance on the letter of credit.

7. Employee Retirement Plan

The Organization sponsors a 403(b) savings plan in which Life Navigators, Inc. will match one-half of the employee's voluntary contribution up to six percent of annual compensation for all eligible employees. The Organization's contribution in 2019 and 2018 was \$19,520 and \$18,189, respectively.

8. Construction Loan

During 2016, the Organization agreed to a five-year construction loan to finance the construction of the property adjacent to its location. The construction loan was secured by the Organization's investments and 1st real estate mortgage on the building. The Organization paid the loan balance in full during the year ended December 31, 2019. The loan had a balance of \$253,808 as of December 31, 2018. The loan had a fixed interest rate of 4.10%. The interest expense was \$6,525 and \$14,207 for the years ended December 31, 2019 and 2018, respectively.

9. Line of Credit

The Organization has a variable interest rate line of credit in the amount of \$150,000 from Associated Bank to enable it to meet expenses while awaiting grant disbursements. The Organization agreed to secure this line of credit with collateral defined as the Organization's investments and general business assets. The line matures on June 12, 2020 and accrues interest at 1.0 percentage point above index with a minimum of 5%. The interest rate was 5.75% and 6.5% at December 31, 2019 and 2018, respectively. The line had an outstanding balance of \$20,000 and \$43,000 at December 31, 2019 and 2018 and interest expense of \$796 and \$1,429 for the years ended December 31, 2019 and 2018, respectively.

The Organization's governing board has designated from net assets without donor restrictions, net assets for the following purposes:

	<u>2019</u>	<u>2018</u>
Greater Milwaukee Foundation investments	\$ <u>135,171</u>	\$ <u>120,199</u>

11. Quasi-Endowment Fund

In December 2015, the Organization's board of directors approved of the Life Navigators Endowment Fund with an initial fund amount of \$100,000. The fund is a general endowment to support the mission of the Organization for years to come. Since that amount resulted from an internal designation and is not donor-restricted, it is classified and reported as board designated without donor restriction.

The Life Navigators Endowment Fund is being held at the Greater Milwaukee Foundation. The Organization utilizes the investment policies described in Note 4 when managing the endowment fund. The Organization has no current plans to take a distribution from the endowment fund.

A reconciliation of the Organization's endowment activities are as follows:

	<u>Without Donor Restriction</u>
Balance, December 31, 2017	\$ 123,081

12. Greater Milwaukee Foundation Investments

The Organization has adopted U.S. GAAP, which requires that if a community foundation accepts a contribution from an Agency and agrees to transfer those assets, the return on investment of those assets or both back to the Agency, then these contributions are presented as a liability (instead of as a net asset) on the financial statements of the community foundation and as an asset on the financial statements of the donor. As a result, assets transferred by the Organization to the Greater Milwaukee Foundation, a community foundation, for which the Organization, as donor, is the beneficiary of the transferred assets, have been reflected on the Organization's statement of financial position as an asset entitled "Greater Milwaukee Foundation Investments." The Board of Trustees of the Greater Milwaukee Foundation shall have the power to modify any restriction or condition on the distribution of funds for any specified charitable purpose or to a specified organization if, in the sole judgment of the Board, such restriction or condition becomes, in effect, unnecessary, incapable of fulfillment, or inconsistent with the charitable needs of the community served.

13. Amounts Held for Others

The Organization is a fiscal agent for the school districts participating in the Independence Place North Project. Participating school districts submit payment to the Organization. In turn, the Organization submits payments to cover costs for rent, utility and petty cash as needed. The Organization performs this fiscal agent service for an annual administration fee of 8%.

14. Disaggregated Revenue

The Organization's revenue, disaggregated by type, consists of the following for the years ending December 31:

	<u>2019</u>	<u>2018</u>
Exchange:		
Fee for service:		
My Choice Family Care – care management	\$ 1,012,558	\$ 644,840

15. Special Events

Special event activities are reported by their natural classification in the statements of activities. Gross special event revenues and expenses are as follows for the years ended December 31:

	<u>2019</u>	<u>2018</u>
Revenue:		
Non-exchange contributions	\$ 297,889	\$ 198,479
Exchange direct benefit to donor	65,281	45,460
Total revenue	<u>363,170</u>	<u>243,939</u>
Expenses:

Incidental benefits	(35,574)	(21,548)
Total expense	<u>(100,855)</u>	<u>(67,008)</u>
Special events, net	<u>\$ 262,315</u>	<u>\$ 176,931</u>

16. Concentrations

Cash and cash equivalents are maintained at financial institutions and, at times, balances may exceed federally insured limits. The Organization's bank accounts were insured by the Federal Deposit Insurance Corporation up to \$250,000 as of December 31, 2019 and 2018. The Organization has never experienced any losses related to these balances.

Approximately 13% and 19% of the Organization's support for the years ended December 31, 2019 and 2018 came from Milwaukee County contracts, respectively.

17. Risks and Uncertainties

The Organization invests in various investment securities. Investment securities are exposed to various risks of loss such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect investment balances and the amounts reported in the statement of financial position.

18. Related Party

The husband of the business manager of the Organization is the president and CEO of the Organization's bookkeeping firm. The Organization paid the related party \$30,580 and \$33,560 during the years ended December 31, 2019 and 2018, respectively.

19. Commitments and Contingencies

The Organization has received government grants for specific purposes that are subject to review and audit by the funding agencies. Such audits could lead to requests for reimbursement to the funding agency for expenditures disallowed under terms of the grants. Management believes any such disallowances, if any, would be immaterial.

20. Other Subsequent Events

The COVID-19 outbreak in the United States has caused business disruption through the Wisconsin government-mandated “Safer at Home” order. While the disruption is currently expected to be temporary, there is considerable uncertainty around the duration of the order. Therefore, the Organization expects this matter to negatively impact its operating results due to the delay in state and other fee-for-service payments. However, the related financial impact and duration cannot be reasonably estimated at this time.

**INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING
AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS
PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS AND THE WISCONSIN
DEPARTMENT OF HEALTH SERVICES AUDIT GUIDE**

To the Board of Directors of
Life Navigators, Inc.

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, and the Wisconsin DHS Audit Guide, the financial statements of Life Navigators, Inc. ("Organization") (a nonprofit organization), which comprise the statements of financial position as of December 31, 2019, and the related statements of activities, functional expenses and cash flows for the year then ended, and the related notes to the financial statements, and have issued our report thereon dated April 28, 2020.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Organization's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Organization's internal control. Accordingly, we do not express an opinion on the effectiveness of the Organization's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Organization's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards* and the Wisconsin DHS Audit Guide.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Organization's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* and the Wisconsin DHS Audit Guide in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.
