Fee Schedule**

Life Navigators:

Establishment Fee: Life Navigators charges an establishment fee of \$400.00 for the Trust I – Community Trust, Trust II – Pooled Trust and Trust III – Pooled Trust For Age 65 and older. The fee must be received by Life Navigators at the time the Instrument of Adoption is signed.

The Establishment Fee includes file set up and administration and a personalized assessment. When an Instrument of Adoption is completed, Life Navigators staff will arrange to meet with the Settlor(s) for the purpose of gathering information about the Beneficiary and the Settlor's intentions regarding the use of the Trust for the Beneficiary. Access to the Life Navigators team is on an ongoing basis to provide assistance in identifying resources and planning for the future.

Monthly Trust Manager Fees: In its role as Trust Manager, Life Navigators will ensure distributions are for the sole benefit for the beneficiary to ensure their needs and desires are met. Additionally, Life Navigators will inform the Trustee, Prairie Trust, with regard to the Beneficiary's qualification for government benefits and the effect that any distribution (payment) from the trust will have on the Beneficiary's qualification for government benefits. The monthly fee for funded trusts is based on the market value of each trust, determined at the end of the preceding month. The fee shall be deducted from each individual trust as follows:

If you have any questions regarding the Life Navigators Trust Program or fees, please contact Life Navigators at 414-774-6255 or trust@lifenavigators.org.

¹ A 1099 is required to be filed for \$10 or more of income generated within a first party trust. Accounts with balances less than \$10,000 will not generate enough interest income to pay the \$200 tax preparation fee. Therefore, we hold these assets in uninvested cash.

² We will work with family members or appropriate interested parties to determine the most appropriate asset allocation for each account.
