### **INDEPENDENT AUDITORS' REPORT**

To the Board of Directors Life Navigators, Inc. Wauwatosa, Wisconsin

#### Opinion

We have audited the accompanying financial statements of Life Navigators, Inc. (a nonprofit organization) ("Organization), which comprise the statement of financial position as of December 31, 2023, and the related statements of activities, functional expenses, and cash flows for the year then ended, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Life Navigators, Inc. as of December 31, 2023, and the changes in net assets and its cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

#### **Basis for Opinion**

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Life Navigators, Inc. and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

#### **Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Life Navigators, Inc.'s ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

#### Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

### Auditors' Responsibilities for the Audit of the Financial Statements (Continued)

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are
  appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of
  Life Navigators, Inc.'s internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Life Navigators, Inc.'s ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

### **Report on Summarized Comparative Information**

We have previously audited Life Navigators, Inc.'s 2022 financial statements, and we expressed an unmodified audit opinion on those audited financial statements in our report dated April 17, 2023. In our opinion, the summarized comparative information presented herein as of and for the year ended December 31, 2022, is consistent, in all material respects, with the audited financial statements from which it has been derived.

## Notes to the Financial Statements

Years Ended December 31, 2023 and 2022

# 1. Nature of Organization

The mission of Life Navigators, Inc., ("Organization") a nonprofit organization, is to improve the quality of life for individuals with developmental and related disabilities, their families and the community through information, education, advocacy and life planning programs. Life Navigators, Inc. is supported primarily through donor contributions, program fees and contracts. The Organization's main activities consist of the following:

- Information, Education and Advocacy Offers a variety of services that impact children, adults, and families with disabilities, including our helpline, education events, and community outreach.
- **Self-Advocacy and Independence** Organizing opportunities for kids and adults to participate in community outings, education, trainings and volunteer opportunities.
- **Trust Program** Offer planning assistance for the financial and service needs of individuals with disabilities to create bright futures.
- **Guardianship** Securing the health, safety and happiness of individuals with disabilities who may not have a family member to provide this essential monitoring and support.
- Integrated Family Support Connect families of kids and adults with disabilities to community resources and programs
- **Care Management Unit** Coordinate long-term care services for individuals with disabilities through a partnership with My Choice Wisconsin's Family Care Program. This program ended May 31, 2023.
- **Court Comprehensive Evaluations** Providing an independent evaluation and court report to determine if an individual meets the standard for Chapter 55 protective placement. Contracted through Milwaukee County Aging and Disabilities Services.
- Children's Long Term Support Connects kids with disabilities and their families with the services they need to live a happy and healthy life.

## 2. Summary of Significant Accounting Policies

## **Basis of Accounting**

The financial statements of Life Navigators, Inc. have been prepared on the accrual basis of accounting, and accordingly, reflect all significant receivables, payables and other liabilities.

## **Basis of Presentation**

Financial statement presentation follows accounting principles generally accepted in the United States of America ("U.S. GAAP"). Under these principles, the Organization is required to report information regarding its financial position and activities according to classes of net assets as follows:

**Net assets without donor restrictions** – Net assets available for use in general operations and not subject to donor (or certain grantor) restrictions. The governing board has designated, from net assets without donor restrictions, net assets for a board-designated endowment fund.

**Net assets with donor restrictions** – Net assets subject to donor- (or certain grantor-) imposed restrictions. Some donor-imposed restrictions are temporary in nature, such as those that will be met by the passage of time or other events specified by donor. Other donor-imposed restrictions are perpetual in nature, where the donor stipulates that resources be maintained in perpetuity. The Organization has no net assets that are subject to perpetuity.

## Cash

The Organization considers all checking and savings accounts and all other highly liquid debt instruments purchased with an original maturity of three months or less to be cash, excluding amounts whose use is limited or restricted, and amounts held in the investment accounts.

# Trade Receivables and Allowance for Credit Losses

Trade receivables are recorded at contract value.

The Organization estimates expected credit losses on trade receivables based on historical credit loss experience, current economic conditions, and reasonable and supportable forecasts that affect the collectability of the trade receivables. The Organization has determined that no allowance for credit loss on trade receivables is necessary for the years ending December 31, 2023 and 2022, based on management's review of outstanding receivables, historical collection information, and existing economic conditions.

The credit risk profile of trade receivables is categorized based on credit quality indicators. The Organization uses this information to determine appropriate allowances for expected credit losses. The determination of expected credit losses involves significant judgments and estimates. Changes in economic conditions or customer payment behavior may impact the allowance for credit losses.

The Organization writes off receivables when there is information that indicates the debtor is facing significant financial difficulty and there is no possibility of recovery. If any recoveries are made from any accounts previously written off, they will be recognized in income or an offset to credit loss expense in the year of recovery, in accordance with the Organization's accounting policy election. The Organization wrote off \$0 and \$2,125 in trade receivables for the years ending December 31, 2023 and 2022, respectively.

The Organization had trade receivable balances as follows:

|                   | January 1, 2022 | December 31, 2022 | December 31, 2023 |
|-------------------|-----------------|-------------------|-------------------|
| Trade Receivables | \$<br>177,293   | \$<br>182,313     | \$<br>135,727     |

## Promises to Give

Promises to give are recorded at their estimated fair value, less an appropriate present value discount. Management has determined all to be fully collectible; therefore, no allowance for doubtful accounts is considered necessary.

## Investments

Under U.S. GAAP, investments in marketable securities with readily determinable fair value and all investments in debt securities are valued at their fair value in the statements of financial position. Unrealized gains and losses are included in the change of net assets on the statement of activities.

## 2. Summary of Significant Accounting Policies (Continued)

## **Investments (Continued)**

U.S. GAAP defines fair value, establishes a framework for measuring fair value, and expands disclosures about fair value measurements. This clarifies that the exchange price is the price in an orderly transaction between market participants to sell an asset or transfer a liability at the measurement date. It emphasizes that fair value is a market-based measurement and not an entity-specific measurement. U.S. GAAP establishes a fair value hierarchy that prioritizes the inputs, which are summarized as follows:

**Level 1** – Quoted prices in active markets, e.g. NYSE, NASDAQ, etc. for assets identical to the securities to be valued. If a Level 1 input is available, it must be used.

**Level 2** – Inputs other than quoted prices that are observable for securities, either directly or indirectly. Examples include matrix pricing utilizing yield curves, prepayment speeds, credit risks, etc.; quoted prices for similar assets in active markets; and inputs derived from observable market data by correlation or other means.

**Level 3** – Unobservable inputs, which contain assumptions by the party valuing those assets. For level 3 inputs, there is no market data or correlation with market assumptions. Examples would include limited partnership interests, closely held stock, etc.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

**Stocks, other and exchange traded funds:** Valued at the closing price reported on the active market on which the individual securities are traded.

Mutual funds: Valued at net asset value of shares held by the Organization at year-end

Bonds: Valued at net asset value of bond holdings held by the Organization at year-end

Held by the Greater Milwaukee Foundation and Waukesha County Community Foundation: Valued at the net asset value provided by the trust for investments held by the trust at year-end.

## **Property and Equipment**

The Organization's policy is to capitalize all property and equipment costing over \$5,000. Property and equipment are capitalized at cost or at fair value if donated and depreciated over their estimated useful lives using the straight-line method. The cost and related accumulated depreciation of property and equipment are removed from asset accounts upon disposal. Expenditures for maintenance and repairs are charged to operations as incurred. Depreciation expense for 2023 and 2022 was \$47,385 and \$46,166, respectively.

#### Leases

The Organization determines if an arrangement is a lease at inception. Finance leases are included in finance lease right of use assets, finance lease liabilities, and finance lease liability, net of current portion on the Organization's statement of financial position.

The Organization has elected the short-term lease exemption for all leases with a term of 12 months or less for both existing and ongoing leases to not recognize the asset and liability for these leases. Lease payments for short-term leases are recognized on a short-term basis.

## Leases (Continued)

The weighted-average discount rate is based on the discount rate implicit in the lease. The Organization has elected the option to use the risk-free rate determined using a period comparable to the lease terms as the discount rate for leases where the implicit rate is not readily determinable. The Organization has applied the risk-free rate option to its leases.

ROU assets represent the Organization's right to use an underlying asset for the lease term and lease liabilities represent the Organization's obligation to make lease payments arising from the lease. Finance lease ROU assets and liabilities are recognized at commencement date based on the present value of lease payments over the lease term. The finance lease ROU asset also includes any lease payments made and excludes lease incentives. The Organization's lease terms may include options to extend or terminate the lease when it is reasonably certain that the Organization will exercise that option. Lease expense for lease payments is recognized on a straight-line basis over the lease term.

The lease agreements do not contain any material residual value guarantees or material restrictive covenants.

### Estimates

The preparation of the accompanying financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that directly affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements. Estimates also affect the reported amounts of revenue and expenses during the reporting period. Actual results may differ from these estimates.

#### **Revenue Recognition**

The Organization recognizes revenue based on the existence or absence of an exchange transaction. The Organization recognizes revenue from exchange transactions when it satisfies a performance obligation by providing a service to a customer or member or by transferring control over a product to a customer or member. Revenue from performance obligations satisfied at a point in time consists of the following:

• Fee for service contracts and program service fees – recognized as performance obligations are met

Revenue from non-exchange transactions consist of the following:

• Contributions of cash, legacies and bequests, pooled trust distributions and promises to give - received without donor stipulations are reported as revenue and net assets without donor restrictions. Gifts received with a donor stipulation that limits their use are reported as revenue and net assets with donor restrictions. When a donor-stipulated time restriction ends, or purpose restriction is accomplished, net assets with donor restrictions are reclassified to net assets without donor restrictions. Contributions that are originally restricted by the donor and for which the restriction is met in the same time period are recorded as revenue and net assets without donor restriction. Unconditional contributions expected to be collected in future years are initially reported at fair value determined using the discounted present value of estimated future cash flows technique. The resulting discount is amortized at prime interest rate and is reported as contribution revenue.

#### **Revenue Recognition (Continued)**

- Federal and state contracts Federal and state contracts are conditional upon the incurrence of allowable qualifying expenses. Revenue is recorded as allowable qualifying expenses are incurred.
- **Contributed nonfinancial assets** contributed tangible assets are recognized at fair market value when received or when a gift of in-kind service is performed on behalf of the Organization

Revenue that has characteristics of both exchange and non-exchange transactions consist of the following:

• **Special event revenue** – The direct benefit to donors is recognized as revenue as an exchange transaction, while the remaining is recognized as a non-exchange contribution.

### **Functional Allocation of Expenses**

The costs of program and supporting services activities have been summarized on the functional basis in the statement of activities. The statement of functional expenses present the natural classification detail of expenses by function. Accordingly, certain costs have been allocated among the programs and supporting services benefited based on management's estimate of appropriate level of employee full-time equivalents worked within that program.

### Subsequent Events

Management has evaluated subsequent events for possible recognition or disclosure through the date the financial statements were available to be distributed (May 10, 2024). There were no subsequent events that required recognition or disclosure.

#### Income Taxes

The Organization qualifies as a tax-exempt organization under Section 501(c)(3) of the Internal Revenue Code. Accordingly, no provision for income taxes has been recorded in the financial statements. Life Navigators, Inc. is not considered to be a private foundation by the IRS.

The Organization has implemented accounting for uncertainty in income taxes in accordance with accounting principles generally accepted in the United States of America. This standard prescribes a recognition threshold and measurement attribute for financial statement recognition and measurement of a tax position taken or expected to be taken in a tax return and also provides guidance on various related matters such as derecognizing, interest, penalties and disclosures required. The Organization recognizes interest and penalties, if any, related to unrecognized tax benefits in income tax expense.

#### **Comparative Financial Information**

The accompanying financial statements include certain prior-year summarized comparative information in total but not by net asset class. Such information does not include sufficient detail to constitute a presentation in conformity with U.S. GAAP. Accordingly, such information should be read in conjunction with the Organization's financial statements for the year ended December 31, 2022, from which the summarized information was derived.

### 2. Summary of Significant Accounting Policies (Continued)

### **Recently Adopted Accounting Guidance – Allowance for Credit Losses**

In June 2016, the FASB issued guidance FASB ASC 326, *Financial Instruments – Credit Losses* (FASB ASC 326) which significantly changed how entities measure credit losses for most financial assets and certain other instruments that aren't measured at fair value through net income. The most significant change in this standard is a shift from the incurred loss model to the expected loss model, that is referred to as the current expected credit loss ("CECL") methodology. Under the standard, disclosures are required to provide users of the financial statements with useful information in analyzing an entity's exposure to credit risk and the measurement of credit losses. The Organization has implemented the standard using the modified retrospective approach and has elected the practical expedient to not adjust the comparative periods presented in the financial statements. Financial assets held by the Organization that are subject to the guidance in FASB ASC 326 were trade accounts receivable.

The Organization adopted the standard effective January 1, 2023. The impact of the adoption was not considered material to the financial statements and primarily resulted in new/enhanced disclosures only.

### 3. Liquidity and Availability

Financial assets available for general expenditure and other current contractual obligations, that is, without donor or other restrictions limiting their use, within one year of the statement of financial position date, comprised of the following at December 31:

The Organization's endowment funds consist of funds designated by the board. The Organization does not intend to take distributions from the funds. Time restrictions included above are those that will not be collected within the next 12 months.

In addition to financial assets available to meet general expenditures over the next 12 months, the Organization operates a balanced budget and anticipates collecting sufficient revenue to cover general expenditures not covered by donor-restricted resources. Refer to the statements of cash flows which identifies the sources and uses of the Organization's cash for the years ended December 31, 2023 and 2022.

The statement of activities includes realized and unrealized gains (losses) of \$248,629 and (\$388,059) for the years ended December 31, 2023 and 2022, respectively.

The investment objective of the Organization is to meet or exceed and absolute total annualized rate of return of 8-10%. On an annual basis, approximately 5% of the market value of the investment trust, as determined on June 30 of the previous year, is budgeted toward operating support. This is an internally imposed restriction; the full investment balance is available for use.

The Organization's investments are exposed to various risks of loss, such as interest rate, market and credit risks. Due to the level of risk associated with certain investments and the level of uncertainty related to changes in the values of investments, it is at least reasonably possible that changes in risks in the near term would materially affect the amounts reported in the financial statements.

| Less: present value discount        | (324)       |
| Total lease liabilities             | \$<br>8,934 |

#### 7. State Unemployment Reserve

The Organization has an irrevocable standby letter of credit as a reserve for state unemployment. The letter of credit expires on December 31, 2026 and has an available balance of \$19,852. As of December 31, 2023 and 2022, there was no outstanding balance on the letter of credit.

#### 8. Employee Retirement Plan

The Organization sponsors a 403(b) savings plan in which Life Navigators, Inc. will match one-half of the employee's voluntary contribution up to six percent of annual compensation for all eligible employees. The Organization's contribution in 2023 and 2022 was \$31,252 and \$31,944, respectively.

### 9. Line of Credit

The Organization has a variable interest rate line of credit in the amount of \$150,000 from Associated Bank to enable it to meet expenses while awaiting grant disbursements. The Organization agreed to secure this line of credit with the Organization's assets. The line matures on June 12, 2028 and accrues interest at 1.95 percentage points above index with a minimum of 9.10%. The interest rate was 10.45% and 8.50% at December 31, 2023 and 2022, respectively. The line had an outstanding balance of \$0 and \$75,000 at December 31, 2023 and 2022, respectively and interest expense of \$3,759 and \$549 for the years ended December 31, 2023 and 2022, respectively.

## 10. Net Assets with Donor Restriction

Net assets with donor restriction are restricted for the following purposes or periods:

|  | <u>2023</u> | <u>2022</u>  |
|--|-------------|--------------|
| Restricted to expenditure for specified purpose: |             |              |

## 11. Quasi-Endowment Funds

The Organization's endowment funds consist of three individual funds established to support the mission of the Organization for years to come. The three funds resulted from an internal designation and are not donor-restricted, therefore, they are classified and reported as board designated without donor restriction.

The Life Navigators Endowment Fund and Schaus Family Fund are being held at the Greater Milwaukee Foundation. The Life Navigators Fund is held at the Waukesha County Community Foundation. The Organization utilizes the investment policies described in Note 4 when managing these endowment funds. The Organization has no current plans to take a distribution from the endowment funds.

#### 12. Greater Milwaukee Foundation Investments

U.S. GAAP requires that if a community foundation accepts a contribution from an Agency and agrees to transfer those assets, the return on investment of those assets or both back to the Agency, then these contributions are presented as a liability (instead of as a net asset) on the financial statements of the community foundation and as an asset on the financial statements of the donor. As a result, assets transferred by the Organization to the Greater Milwaukee Foundation, a community foundation, for which the Organization, as donor, is the beneficiary of the transferred assets, have been reflected on the Organization's statement of financial position as an asset entitled "Greater Milwaukee Foundation Investments." The Board of Trustees of the Greater Milwaukee Foundation shall have the power to modify any restriction or condition on the distribution of funds for any specified charitable purpose or to a specified organization if, in the sole judgment of the Board, such restriction or condition becomes, in effect, unnecessary, incapable of fulfillment, or inconsistent with the charitable needs of the community served.

#### 13. Life Navigators Fund at Waukesha County Community Foundation

The Organization entered into an agreement with the Waukesha County Community Foundation, Inc. (the "Foundation") to form an endowment fund to be known as the Life Navigators Fund ("Fund"). This endowment fund started with an initial investment of \$25,000. The terms of the agreement state that the fund must maintain a \$10,000 balance at all times. The assets of the Fund are assets of the Foundation and not a separate trust. Funds are available for distribution to the Organization in accordance with the Foundation's distribution policies in order that the principal is maintained and preserved. The use of distributions is at the discretion of the Organization and is therefore unrestricted.

#### 14. Special Events

Special event activities are reported by their natural classification in the statements of activities. Gross special event revenues and expenses are as follows for the years ended December 31:

### **15. Contributed Nonfinancial Assets**

Contributed nonfinancial assets of goods and services are recorded as revenue and expenses at their fair value. Contributed services are reported in the financial statements for voluntary donations of professional services when those services create or enhance nonfinancial assets or require specialized skills, are provided by individuals possessing those skills, and typically would be purchased if not provided by donation. The amounts reflected in the accompanying financial statements as contributed nonfinancial assets are offset by like amounts included as contributed nonfinancial asset expense. The statement of activities includes the following contributed nonfinancial services recognized by category for the year ended December 31, 2023:

The Organization received all remaining assets from the Eisner Museum of Advertising with the intention to sell the assets to raise funds for the benefit of the Organization. The museum is shown as an asset on the statement of financial position as other asset held for sale.

The Organization used the following valuation techniques and inputs to recognize contributed nonfinancial assets:

Advertising, website development and printing services – Valued at the estimated fair value based on retail rates for similar services.

**Donated goods** – Valued at the estimated fair value based on retail rates for similar items.

**Museum artifacts** – Valued at the estimated fair value based on anticipated proceeds to be received on sale of the items.

In addition, many individuals volunteer their time and perform a variety of tasks that assist the Organization in the furtherance of its exempt purpose. The values of these services are not recorded in the financial statements.

## 16. Concentrations

Cash is maintained at financial institutions and, at times, balances may exceed federally insured limits. The Organization's bank accounts were insured by the Federal Deposit Insurance Corporation up to \$250,000 as of December 31, 2023 and 2022. The Organization has never experienced any losses related to these balances.

Approximately 24% and 49% of the Organization's support for the years ended December 31, 2023 and 2022 came from the My Choice Family Care – Care Management program, respectively. This program ended May 31, 2023. Approximately 19% of the Organization's support for the year ended December 31, 2022, came from donations from a board member of the Organization.

### 17. Related Party

During 2022, the Organization employed a business manager whose husband was the president and CEO of the Organization's bookkeeping firm. The Organization paid the related party \$38,895 during the year ended December 31, 2023. The bookkeeping firm is no longer a related party for the year ended December 31, 2023.

## **18. Commitments and Contingencies**

The Organization has received government grants for specific purposes that are subject to review and audit by the funding agencies. Such audits could lead to requests for reimbursement to the funding agency for expenditures disallowed under terms of the grants. Management believes any such disallowances, if any, would be immaterial.
